

Australasian Branch

Subsea Well Integrity & Testing

Thursday 6th April 2006

Melbourne Hotel (John DE Baun Room), **Corner of Hay & Milligan Street, Perth**
Bar Opens 5:30pm: Presentations Start at 6:00pm: Drinks and Canapés 7:30pm

As global projects target deepwater development and Western Australia offers exciting subsea to beach opportunities, the need for assured production increases. Production availability requires the combination of reliable equipment and fast intervention when failure occurs. These elements are a crucial part of protecting investment in subsea development business cases. The evening's presentations address the practical aspects of the philosophy. Both projects have attracted funding and support from DoIR. This in turn supports the wider vision for subsea engineering in Western Australia. The WISS facility promises to be world class and the LWIS has many innovative elements embedded in its concept and design. These exciting projects are true stepping stones in the regional development of subsea projects.

Chaired by: **Steve Brown**: Managing Director, Geo Subsea

Light Well Intervention

Jon Edwards : Managing Director, SEATRAC

Presenting the light well intervention and deployment system being developed by SEATRAC for use in the SEA region. The system comprises a subsea lubricator, deployment frame and heave compensated winch. A portable system that can be deployed from a vessel of opportunity either over the stern or through moonpool.

Status of the Well Integrity and Sub Sea Facility at the Australian Marine Complex in Henderson

Cameron Manifold : Managing Director, Advanced Well Technologies Pty Ltd.

What it is, where we are at and where we are going and when.

REGISTRATION FEES: SUT Members \$10: Non-Members \$30*

Join the Society For Underwater Technology Now

*New 'Full' Members can Attend this Evening Meeting **Free***

Apply for Membership today: Please see website for application form. www.sut.org.au

Student Membership is free – full details on application form.

To help reduce registration time on the night, SUT would appreciate if you could register and pay for this event in advance. To do this please e-mail Joyce Bremner on J.Bremner@sut.org with delegate name, affiliation and credit card details, or if you prefer call 0403 185 226 with above details.
If unable to pre register, registration and payment will still be accepted on the night.
