Title: **Deepwater Floating Facilities: The 30 year history
of Tensioned Leg Platforms**

Presenter: **Dr Steve Leverette – SBM Offshore, Houston**

Steve will present the 30 year history and development of Tensioned Leg Platforms. Steve was on the design team for the world's first TLP (Conoco Hutton TLP project in 1979), the first Gulf of Mexico TLP, the first mini-TLP, and the world's first DeepDraft Semi-Submersible. He will discuss TLP design as it has evolved over the past 30 years, and some of the experiences along the way.
